2 PURPOSE

Ark Byron Primary Academy is committed to providing a fully accessible environment, which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion. We aim to as far as possible to remove those barriers, which make it hard for a person who has difficulties with:

- Physical Co-ordination
- Mobility

- Speech, hearing or vision
- Memory or ability to learn, concentrate or understand

Overall, the Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
- Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If the school fails to do this they are in breach of the Equality Act). This covers teaching and learning and the wider curriculum of the school such as

participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.

- Improve the delivery of written information to pupils, staff, parents and visitors with disabilities.

Examples might include hand-outs, timetables, and information about the school and school events. The information should be made available in various preferred formats within a reasonable period.

An Action Plan is attached in section 5 which relate to the three key aspects of accessibility. This plans will be reviewed and adjusted on an annual basis and or when appropriate. A new Accessibility Plan will be drawn up every three years.

We acknowledge that it is necessary to raise awareness of issues related to accessibility and to provide appropriate training for staff and governors in the matter of disability discrimination.
