*Dear Parents and Carers,*

It was a very exciting week in Byron with our trip to the London Transport Museum. The children came back talking about differences between modern transport and transport in the past.

**The new hi-vis jackets looked amazing and made the children safer – thank you ABPA for them and, of course for funding the coach that day! Without this our trip would not have been possible.**

Thank you to everyone who came and saw our art exhibition on Friday. The bags go on sale at the fair tomorrow and will be a unique piece of art – and very useful.

*Have a lovely weekend.*

*Mrs Kaplan and the Ark Byron team*

In Maths this week children (who are ready for this) have been continuing the learning from last week counting in tens. Please help your child to work with larger numbers now in preparation for Year 1.

#### Notices

- Apologies that we have missed two Park school outings. The weather last week and, having two staff doing training are responsible for this. We intend to try to make up this time but will need parent help - we will send out e-mail appeals for this.
- You may have noticed that Tapestry has gone quiet. This week we have closed our Tapestry Journals and PDFed them. They will hopefully go out to you with reports on Monday. Thank you very much for all your contributions to Tapestry. We hope you enjoy looking at the Journal of the past year.

**Ark Byron is committed to safeguarding children.**
