

Parent Communication

We are aiming to keep communication simple and only use one platform (Seesaw) during the school closure.

A breakdown of communication you will be receiving is outlined below.

- **Phone calls –**
 - A schedule will be shared with you
 - A member of the year group team will give you a call at least once a week to check-in
 - Your child may be asked to read aloud to the person on the phone so please have a reading book available just in case.

- **Live sessions –**
 - There is a daily session and times are fixed
 - We would like all children to attend and registers will be taken

- **Daily announcements –** you will receive these between 4.00pm and 5.00pm. In these announcements you will find:
 - The title 'For Tomorrow' will be used as this is outlining work for the following day. There is no expectation for the work to be completed on the same day the announcement is sent.
 - Info on how/where to access work will be included in this message.
 - Any resources that are required for each session, e.g. pencil, ruler and stone/pebble
 - Links to any live sessions
 - Friday announcement should have info for Monday's lessons

- **Timetable –** to be included in Friday's daily announcement as a pdf.
 - Links for the live sessions included
 - Learning objectives shared e.g. Under Maths you may put 'adding 3 digit numbers' to give you an idea of what's coming up in the following week

- **Lessons/work**
 - All activities for children will go live on Seesaw at 7.00am
 - Please ensure that children are responding to work on Seesaw so that teachers are notified tasks have been accessed and completed.

Teachers will be available to support and feedback to work during their core hours of 8.00am – 5.00pm.
